PROFILE

I'm a software developer whose primary goal is to apply technical expertise all throughout the full software life cycle to ensure the production and delivery of world-class products and services that meet client specifications. Along with a competent software development team, and with strong personal knowledge, skills, and experience in software engineering. I'm passionate about solving problems, understanding how things work and how I could improve them.

EDUCATION

**Kabarak University
Nakuru, Kenya**

2018 - 2021

BSc. Information Technology
